

Senior Engineer, Integration

Full-Time, Permanent

London

About us?

SEGRO is a UK Real Estate Investment Trust (REIT) and listed on the London Stock Exchange in the FTSE 100 index.

For over 100 years SEGRO has been creating the space that enables extraordinary things to happen. We invest in high-quality real estate, actively manage our portfolio and sell assets to crystallise attractive returns. We own, manage, and develop light industrial property and modern warehouses with a portfolio comprising 8 million square metres of space (86 million square feet), valued at £18 billion. We are spread strategically across locations in the UK and in Continental Europe.

Our goal is to be the leading owner, manager and developer of industrial properties in Europe and the partner of choice for our customers.

Why work for us?

91% - employees feel engaged (2022 employee survey)

SEGRO is a friendly, vibrant community. We believe SEGRO people are amongst the best in our industry. We have a talented and committed team of employees in the UK and across Continental Europe. Our aim is to continue to attract, develop and retain the best and brightest employees in the industry.

We are proud of our track record in spotting and nurturing talent. Our ambition is to make sure every individual has the opportunity to maximize their potential and their careers with SEGRO.

What are we looking for?

We are currently looking to appoint a Senior Engineer, Integration to ensure the leadership of the design, implementation, and operation of integration solutions between our platforms and systems, collaborating with cross-functional teams to document requirements, produce technical designs, develop, and adopt architectural guidelines, and oversee high-quality standard implementations conducted by our delivery partners.

The role's principal accountabilities will be in:

- To design, deploy and maintain Integration Solutions between SEGRO's Azure hosted systems and external SaaS solutions.
- To develop and maintain the Integration roadmap for both solutions and technologies.
- To implement and enforce security best practices, including identity and access management, network security, and data encryption.
- To develop and maintain documentation related to Integration architecture, configuration, and procedures.
- To troubleshoot and resolve integration issues, ensuring high availability and disaster recovery capabilities.

You will have...

- Experience as a Senior Integration Engineer / Developer.
- Extensive experience in design, delivery, and operation of integration solutions, both directly (hands on) and via 3rd party vendors.

- Extensive experience in implementing API based integrations, including RESTful, microservice, messaging and queuing, Azure Functions, .NET.
- Advanced proficiency documenting and specifying solutions using typical architecture artefacts.
- Advanced knowledge and experience of Azure cloud platform technologies (Logic Apps, ADF, APIM), SQL database, Microsoft workflow tools.
- Good proficiency automating the deployment of solutions into Azure (Terraform, ARM) using CI/CD tooling.
- A collaborative approach to devising and implementing solutions and excellent problem-solving skills.
- The capability and keenness to learn new subjects, to work flexibly within a small team, and to take on responsibilities outside of core areas of experience.

It would also be nice for you to have...

- Experience with ITIL 4 and Agile.

What we offer...

Competitive package including 25 days annual leave, private health care, pension, life assurance. As well as an annual medical check-up, a wellbeing programme, and an annual charity day of giving.

We provide excellent opportunities for training and development, supporting employees with their career ambitions. We have a range of high-quality education and training on personal and professional skills that enable our people to fulfil their potential.

All employees participate in our annual bonus scheme and have the opportunity to own a stake in the company through share schemes open to everyone.

How to apply:

If you would like to be considered for this role, please send your CV with covering letter detailing your suitability for the role to UKRecruitment@SEGRO.com

**SEGRO is an equal opportunities employer.
No Agencies please.**

At SEGRO we want all of our people to be able to reach their full potential and thrive and we are committed to creating an inclusive environment for all employees, where everyone can be themselves, have access to fulfilling careers and opportunities, and feel supported.
